MEMORANDUM FOR: Chairman, Headquarters Board of Survey

25X1A

SUBJECT : Privately Owned Property Claim [redacted]

072

REFERENCE : Memo dtd 7 Nov 57 to HQ/S fr Gove/HB, same subject

25X1A

1. I agree that the Headquarters Board of Survey has made the only recommendation they can on the basis that there is no evidence of a claim submitted by subject in 1952 and that there is no official correspondence available to confirm that a loss was actually sustained.

2. The Finance Division has charged against [redacted] a debt due the Agency of \$225.00 consisting of a salary overpayment and a travel advance. It appears that it will be futile to pursue direct collection efforts further. I believe that there is considerable merit to offsetting subject's claim against his debt if there is any reasonable basis for which the claim may be approved.

25X1A

3. Since there is no evidence to prove otherwise, I am assuming that subject's claim submitted on 5 June 1956 for approximately \$300.00 for the loss of personal effects in his transfer from [redacted] is a valid claim from him. Waiver of the time limitation for presentation of the claim is granted because we have no positive evidence that a previous claim was not submitted in 1952 even though a search of our files failed to reveal such a claim. The lack of official data to corroborate his claim is acceptable in this case as has been acceptable for other claims for losses and damages to personal effects as well as payment for authorized reimbursable expenditures.

4. Accordingly, I approve subject's claim in the depreciated amount of \$225.00 which is to be applied to his indebtedness to the Agency as referred to in paragraph 2 above. The approval of this claim will not be considered a precedent for the approval of other claims under similar circumstances.
